

STRAINERS, SUCTION

Designed for use with centrifugal pumps. Strainers filter out large damaging debris while permitting ample water passage to keep pumps functioning at full capacity.

Steel Round Hole Strainers

- Spot-welded strong 16 gauge steel
- Zinc plated
- 50% strainer passage area
- Available in 1-1/2" and 2" connections
- In stock
- Other sizes and configurations available—inquire

SIZE	PART #	OPENINGS	HEIGHT	DIAMETER	WEIGHT	PRICE
1-1/2"	150SZ-0375 RD	.375"	4"	5"	1.5 lb	25.06
