Bee Valve Achieves ISO 9001:2008 Certification

Elyria, OH—Bee Valve Inc. proudly announces that it has achieved ISO 9001:2008 certification. ISO 9001:2008 is an international standard related to quality management system. This standard is based on eight quality management principles which lead to improved organizational performance.

“Our customers expect and deserve good quality, safe and reliable products along with superior service. ISO registration provides a platform allowing us to focus on meeting these needs and expectations,” explains Rick Ward, Bee Valve’s Sales Manager. “We are committed to providing products and services that result in superior customer satisfaction now and in the future,” states Mr. Ward.
